Schedule is subject to change.

E.T. dial-in's will be taken in the staging lanes unless otherwise notified.

- **WARNING-** Racers please lock your vehicles when in the staging lanes. Do not leave your pits unattended and unlocked.
- Purse checks *must* be picked up at the event.
- All motorcycles must be driven to the end of the track and make the turn onto the return road. **DO NOT** stop short. This could result in an accident or delay the race. If it is an aborted run, **PLEASE** try to take an earlier turn off, or keep the engine running if possible, and continue to the end of the track and turn off.
- **PARKING-** We try to make the most sense of existing conditions when we plan pit parking. We adjust to the space available, run order, size of rigs, smooth running of the race, ground surface, rain, etc. Policy for pit parking is as follows:
 1. Parking is assigned according to class.
 2. Early parking is not allowed.
 3. No one will be allowed to save spaces for other racers.(If there is someone you need to pit with, they need to enter facility at same time.)

- **RESTRICTED AREA-** You must have a Competitor License, or Crew Credential to go past the front of the staging lanes. Competitors and Crew Members must sign a medical release at each event. For all Pro Classes: Drivers are allowed a maximum of 4 Crew Members. Sportsman Classes are allowed a maximum of 2 Crew Members.

- **PRO COOL DOWN** Time between rounds will be 60 minutes.

****CONTINGENCY PROGRAM-** All bikes must have AHDRA/Screamin' Eagle AND class sponsor decals on BOTH sides of the bike to receive points or purse. THESE are mandatory. All other awards are contingent on decal and product usage. Decals for products must be on your bike from the first round on, no placing decals after eliminations have begun. Anyone found to be doing this shall forfeit all such contingency money for that event. This will be enforced. Both Winner and R-up please report to Tech trailer for Contingency/Product Verification after the finals.

- **4 WHEELERS, GOLF CARTS, MINI BIKES, ETC-** Children under 16 are not allowed on 4 wheelers, mini bikes, golf carts, bicycles, go carts, skateboards, roller blades, etc. (The only exception would be for towing race bikes while accompanied by an adult.) This is not only for your children's safety, but for the safety of everyone at the event. Violators will have the item confiscated for the entire event. Repeated Violators or other problems will result in immediate disqualification

from the event with NO refunds! This is a serious problem that must be kept under control.
